

## **EXPLORE GOD BIBLE STUDY**

### **(Does Life Have a Purpose?)**

While Jeremiah was still in his mother's womb – God already had a plan and purpose for him according to Jeremiah 1:5 – he was to be His prophet for Israel. The people of Israel had allowed the pagan people around them to influence them and they drifted from God. God sent Jeremiah to encourage the people to return to Him but the Jewish people rejected the prophet's message. God allowed the people to be captured by Babylonians and while they were in the midst of being slaves and away from their homeland God had a message of hope for the people in Jeremiah 29:4-14.

Although God had a plan and purpose it was going to be seventy years before it came to fruition. In the meantime of us waiting on God to reveal to us His plan we should do the following:

1. Exercise Spiritual Disciples
2. Live worthy of the name "Christian"
3. Give Away your Spiritual Gift
4. Learn how to worship in the midst of your storm
5. Learn how to live in Expectancy

When we increase and multiply like our text teaches - God will then bring more clarity and specificity to His divine tailor made purpose for our lives.

Whatever God purposes for your life you will not do it in isolation – you need to work with others.

As God is preparing you for His divine purpose He will test us and sometimes the test can be for a prolonged period.

As we seek to discover our purpose from God we must love God and love one another – and these are the two greatest commandments from God.

To discover you divine tailor made plan and purpose from God:

- Repent and confess sin
- Earnestly and fervently seek God in prayer & the Word
- Fast
- Seek Godly counsel
- Be obedient to what God says do

God has a good plan and purpose for your life and He wants to share His purpose for your life with you.
